

The Chief Thing

in a Piano is its tonal qualities. After that comes all the other things that render it desirable—touch, action, exterior appearance, etc.

MY PIANOS

come up to all requirements. The most severe musical critics could not fail to pronounce the tone of all excellent and in all other points they are as perfect as it is possible to make them.

We have fine instruments at all prices.

A Few Minutes Use of Hymenol Four Times a Day Cures Catarrh.

The pleasantest, most convenient and only scientific method for the treatment and cure of catarrh is Hymenol. Simply put twenty drops of Hymenol in the inhaler that comes with every package and then breathe it for a few minutes four times a day.

It seems remarkable that so simple a way of treating catarrh will effect a cure, but the most important discoveries of science have always been simplest. By breathing Hymenol in this way every particle of air that enters the air passages of the throat and head and goes into the lungs is charged with a healing balsam that kills the germs and bacilli of catarrh and soothes and allays all irritation.

The first day's use of Hymenol will show a decided improvement and in a short time there will be no further trouble from catarrh. Its action is rapid and lasting.

You take no risk in buying Hymenol. A complete outfit costs \$1, and if after using you can say that it has not helped you, the City Drug Store will return your money. What other treatment for catarrh is sold under a guarantee like this?

PICNICS.

The season for picnics is drawing near, and right here I want to say a few words to all parties engaged in the cold drink business.

1. It will not cost you one cent to call in and see me before buying your supplies in the cold drink lines.

2. If I do not convince you that I can make you good money I will pay you for your time spent in coming to see me.

3. You will always find me at my place of business, which is 122 Broadway, Ardmore, I. T., and you know you can always deal with the boss man better than clerks.

Now it is dollars we are all after, and if I cannot convince you that I can put a few more dollars in your pocket than any other man you are under no obligations to deal with me.

When in town call in and see me and I will try and conduct myself so you will not regret calling in.

Yours respectfully,

O. BATES.

Taken Into Court.

KANSAS CITY, Mo., June 22.—The controversy among grain men over the ownership of grain that was ruined by the flood was taken to court today through injunction proceedings brought by the Mottratt Commission company to restrain the directors of the Board of Trade from suspending or expelling them for refusing to pay for grain concerning which the ownership is involved. The Commission company bought several cars of wheat by samples a day or two before the flood. Before it could be forwarded the flood came and damaged the wheat.

The directors of the Board of Trade decided that the cases are not a subject for arbitration and have ordered payment. Many members of the board have declared that they will submit to expulsion rather than permit cases to be settled arbitrarily.

J. W. Thompson Captured.

A few weeks ago J. W. Thompson rode up to the fence near Marietta, where Frank Parker was plowing in the field, and when Parker came up to the fence Parker says that Thompson said a few words to him and then shot him. The weapon used was a single-barreled shotgun. Parker received the major portion of the charge in his groin and is today, we are told by Deputy Norton, in a very critical condition.

Thompson made his escape and thought he had eluded the officers, but Deputy Jackson found him up near Elmore and he was placed under arrest.

We understand that the preliminary trial will be had tomorrow before Judge Pfeiffer.

Good Words for Gainesville.

Law and order reign supreme in Gainesville; police court draws a blank nearly every morning; drunkenness is a thing of the past and Sunday violations do not occur so far as the most diligent official observance is able to determine. Never has there been a time in the history of this city that law and order reigned so near supreme as is the condition today and has been for many months.—Gainesville Register.

Privileges for Sale.

The Sulphur Chautauqua will receive sealed bids up to 12 o'clock noon Saturday, the 11th day of July, 1903, for concessions and privileges on its grounds during the season of said Chautauqua from August 2 to 16 inclusive, as follows: Restaurants, lunch and refreshment stands, cigars, books and news, fruits and candies, peanuts and popcorn, ice cream, soda, cold drinks, melons, photographs, views, typewriters, souvenirs, Indian trinkets, swings, burros, gymnasium, bakery, barbecue meats, barber shop, advertising daily program and furnishing ice. Said company reserves the right to accept or reject any and all bids. All parties receiving concessions must be prepared to pay 50 per cent of said bid on signing of contract on or before July 20, 1903, and balance to be paid on or before August 6, 1903.

Address all bids to the secretary, and write for information as to locations and all particulars.
